**SUPPLEMENTAL SUBMISSION IN SUPPORT OF CORRECTION OF
INVENTORSHIP**

Sir:

Applicants seek correction of inventorship for the above-referenced U.S. national phase application.

In the International Application, the above-referenced patent application lists Yuji YOSHIDA, Yoshinobu KISO and Yuta MATSUMOTO as inventors. Subsequent to International filing and subsequent to nationalization in the United States under 35 U.S.C § 371, it came to Applicants' attention that Yuji YOSHIDA and Yuta MATSUMOTO were mistranslated and are, in fact, Hirofumi KODA and Takchiro MATSUMOTO, respectively. A properly executed Declaration listing Hirofumi KODA and Takehiro MATSUMOTO accompanies this Supplemental Submission.

The following information is provided in support:

1. The individuals listed on the PCT application are the same as those individuals now named on the Declaration.
2. The names of the inventors listed on the PCT application were translated into the English alphabet from Kanji characters.

ATTORNEY DOCKET NO.: 47487-0005-00-US

3. During the translation process, Hirofumi KODA was misread and, therefore, mistranslated as Yuji YOSHIDA. The mistranslation arose when the original Kanji characters were erroneously translated into the English alphabet as Yuji YOSHIDA. Specifically, the kanji character(s) Hirofumi and KODA are mistranslated because both Hirofuma and KODA are pronounced in more than one Japanese way. This translation error was without deceptive intent.
4. Also during the process, Takehiro MATSUMOTO was misread and, therefore, mistranslated as Yuta MATSUMOTO. The mistranslation arose when the original Kanji characters were erroneously translated into the English alphabet as Yuta MATSUMOTO. Specifically, the kanji character(s) for Takchiro were mistranslated. This translation error was without deceptive intent.
5. The undersigned has inquired and verified that the true inventor's for this application are:

(a) **Hirofumi KODA**

(b) **Yoshinobu KISO**

(c) **Takehiro MATSUMOTO**

In view of the above, Applicants respectfully request that the above be named as inventors in this application. This change is requested pursuant to 37 C.F.R. § 1.497.

An assignment had not been executed and a consent of the assignee is not presently required.

The Commissioner is hereby authorized to charge any additional fees which may be required, or credit any overpayment to Deposit Account No. 50-0573.
